

only survived, but flourished, transforming this country's landscape as we know it today.

Today, granite countertops are to be expected in luxury homes and offices. NASA's subcontractors use granite precision surface plates to check for flaws or aberrations in the shuttle's engine parts, as do numerous other manufacturers for products that require the most stable and accurate conditions are required for manufacturing.

No one can predict the future, however, we do know the granite industry is up for whatever challenges may come its way, and that will become a new exhibit.●

CELEBRATING THE SCHIFFER CANCER CENTER OF WHEELING HOSPITAL

● Mr. ROCKEFELLER. Mr. President, I rise today to celebrate the recent accomplishment of one of West Virginia's finest health care facilities, the Schiffer Cancer Center at Wheeling Hospital. Wheeling Hospital just became one of only two community hospitals in the country and the ninth facility in the world to become a part of the Partnership in Science with the Division of Clinical Sciences of the National Cancer Institute in Bethesda, MD. This is an incredible and important accomplishment for this facility and the citizens of West Virginia.

Wheeling Hospital, which is located in Wheeling, WV, is an acute care community hospital, which just celebrated its 150th anniversary last year. Located right in the heart of the northern panhandle in Ohio County, the hospital serves Ohio County, parts of Brook and Marshall Counties, and eastern Ohio State residents bordering the Ohio River in addition to residents of southwestern Pennsylvania and across the State of West Virginia.

I had the pleasure of visiting Wheeling Hospital in 1993 for the dedication of their Howard Long Wellness Center. The facility employs approximately 2,000 people and maintains five centers of excellence including: cancer; cardiac, including open heart surgery; women's health; trauma; and the Howard Long Wellness Center, which is 55,000 sq. feet. The recent partnership between Wheeling Hospital and the National Center Institute is one of the greatest achievements in cancer care that has happened in the Ohio Valley. With this partnership, qualified cancer patients in the area will be able to participate in a select number of new cancer research protocols without leaving home. They will also be empowered to consult with and obtain second, third, even fourth opinions about their condition and treatment. Additionally, the partnership increases education opportunities for physicians, nurses, and other health care professionals in the area. Residents of West Virginia, east-

ern Ohio, and southwestern Pennsylvania will all benefit from this partnership.

I am so thankful to Wheeling Hospital, its CEO, Don Hofreuter, its doctors and nurses, and all of its employees for all of the amazing work that they continue to do to serve their community. The people of Ohio County, West Virginia, and the surrounding area are indeed fortunate to have you as part of our community. Congratulations on your 150th anniversary. ●

INTRODUCTION OF BILLS AND JOINT RESOLUTIONS

The following bills and joint resolutions were introduced, read the first and second times by unanimous consent, and referred as indicated.

By Mr. MURKOWSKI (for himself, Mr. BINGAMAN, and Mr. KYL):

S. 834. A bill to provide duty-free treatment for certain steam or other vapor generating boilers used in nuclear facilities; to the Committee on Finance.

By Mr. LEVIN (for himself and Ms. STABENOW):

S. 835. A bill to establish the Detroit River International Wildlife Refuge in the State of Michigan, and for other purposes; to the Committee on Environment and Public Works.

ADDITIONAL COSPONSORS

S. 115

At the request of Mr. FEINGOLD, the name of the Senator from Washington (Ms. CANTWELL) was added as a cosponsor of S. 115, a bill to amend the Internal Revenue Code of 1986 to repeal the percentage depletion allowance for certain hardrock mines, and for other purposes.

S. 632

At the request of Mr. NELSON of Florida, the name of the Senator from Washington (Mrs. MURRAY) was added as a cosponsor of S. 632, a bill to reinstate a final rule promulgated by the Administrator of the Environmental Protection Agency, and for other purposes.

S. 661

At the request of Mr. THOMPSON, the name of the Senator from Kentucky (Mr. BUNNING) was added as a cosponsor of S. 661, a bill to amend the Internal Revenue Code of 1986 to repeal the 4.3-cent motor fuel exercise taxes on railroads and inland waterway transportation which remain in the general fund of the Treasury.

S. 778

At the request of Mr. HAGEL, the names of the Senator from South Dakota (Mr. DASCHLE), the Senator from New Mexico (Mr. BINGAMAN), the Senator from California, (Mrs. BOXER), the

Senator from Minnesota (Mr. WELLSTONE), and the Senator from Rhode Island (Mr. REED) were added as cosponsors of S. 778, a bill to expand the class of beneficiaries who may apply for adjustment of status under section 245(i) of the immigration and Nationality Act by extending the deadline for classification petition and labor certification filings.

S. 830

At the request of Mr. CHAFEE, the name of the Senator from Maine (Ms. COLLINS) was added as a cosponsor of S. 830, a bill to amend the Public Health Service Act to authorize the Director of the National Institute of Environmental Health Sciences to make grants for the development and operation of research centers regarding environmental factors that may be related to the etiology of breast cancer.

S. CON. RES. 17

At the request of Mr. SARBANES, the name of the Senator from Georgia (Mr. CLELAND) was added as a cosponsor of S. Con. Res. 17, a concurrent resolution expressing the sense of Congress that there should continue to be parity between the adjustments in the compensation of members of the uniformed services and the adjustments in the compensation of civilian employees of the United States.

STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. MURKOWSKI (for himself, Mr. BINGAMAN, and Mr. KYL)

S. 834. A bill to provide duty-free treatment for certain steam or other vapor generating boiler used in nuclear facilities; to the Committee on Finance

There being no objection, the bill was ordered to be printed in the RECORD, as follows:

Mr. MURKOWSKI. Mr. President, I ask unanimous consent that the text of the bill be printed in the RECORD.

S. 834

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Generator Tariff Elimination Act".

SEC. 2. DUTY-FREE TREATMENT FOR CERTAIN BOILERS USED IN NUCLEAR FACILITIES.

(a) IN GENERAL.—Chapter 84 of the Harmonized Tariff Schedule of the United States is amended by striking subheading 8402.11.00 and inserting the following new subheadings, with the article description for subheading 8402.11 having the same degree of indentation as the article description for subheading 8402.12.00:

8402.11	Watertube boilers with a steam production exceeding 45 t per hour	Free		
8402.11.10	For use in nuclear reactors	5.2%	Free (A, CA, E, IL, J, MX)	45%
8402.11.20	Other			45%
